

Environment with illustration - 'THE PLASTIC SCENE'

A Classroom based workshop Suitable for KS2

Enable your children to develop their understanding of the issue of plastic damaging the oceans in this accessible and meaningful workshop.

They will read and draw alongside award-winning illustrator, Danny Deeptown, to create images and resources to help raise awareness of the important issue.

Watch Danny draw live in the classroom demonstrating for pupils his top tips for creating fantastic illustrations to support their work.

Free illustrated sketchbooks and books for each workshop

Bespoke, original Danny Deeptown artwork linked to your workshop also available
